

**THE CITY OF SAN DIEGO  
PARKS AND RECREATION DEPARTMENT  
OPEN SPACE DIVISION  
MIRAMAR RANCH NORTH MAINTENANCE ASSESSMENT DISTRICT  
FEBRUARY 2019 STAFF REPORT**

---

### **Ornamental Landscaping**

- Myoporum parvifolium cuttings have been placed down on the bank of Spring Canyon Rd. between Scripps Creek Dr. & Spruce Run Dr. On the north side.

In all areas where Myoporum cuttings have been placed down, the water will be turned on a few days after the rain, to promote growth of the groundcover.

- Myoporum parvifolium cuttings have been placed down on the right-of-way of Scripps Poway Parkway, on the north side, from Ivy Hill Dr. to Scripps Summit Dr.
- Myoporum parvifolium cuttings have been placed down on the right-of-way of Spring Canyon Rd, between South Brookville Dr. and Oak Glen Native Garden, on the west side. Cuttings of Euphorbia cotinifolia ‘atropurpurea’, Caribbean Copper Plant, was also placed down between established shrubs. On Spring Canyon Rd., across from Dry Creek Park, on the slope, cuttings of Myoporum were placed down in the bare areas.
- On the corner of Blue Cypress Dr. & Spring Canyon Rd. (north east side) 7 clumps of Red Cannas and 1 Euphorbia cotinifolia ‘atropurpurea’ were planted within the landscape.
- Irrigation checks and repairs continue. Irrigation systems are operating at a minimum, depending on the weather and type of plant material that is being watered.

### **Tree Maintenance**

- Trees are in process of being inspected for hangers or broken limbs that are still attached, of which will be removed for safety.
- One Pine fell on the south side bank of Scripps Ranch Blvd., during the first storm.

### **Mini-Parks**

- Butterfly Park- 45 Cuttings of Calandrinia grandiflora- Rock Purslane, 12 Euphorbia cotinifolia ‘atropurpurea’- Caribbean Copper Plant and 8 clumps of Red Cannas were planted around the entrance of the Community Center of Butterfly Park.

An illegal Shoe & Cloths bin in the parking lot landscape has been removed.

- Dry Creek Park- Botanical signs were up-lifted and placed down in the proper locations for proper identification of the plant material. 1- Punica granatum, Dwarf Pomegranate, 5 cuttings of Euphorbia cotinifolia 'atropurpurea', Caribbean Copper Plant, 24 cuttings of Calandrinia grandiflora and 24 cuttings of Senecio serpens Blue chalksticks, were planted within the park.
- Canyon View Park- Acacia redolens within the middle of the park, is in process of removal due to over pruning throughout the years. A new landscape will replace the Acacias once the soil dries out. 9-5gal Agave attenuatas were planted in the planter bed in front of the gazebo. (Donation from Terracare.)
- Oak Glen Park- Botanical signs were up-lifted and placed down in the proper locations for proper identification of the plant material.
- 1 cutting of Euphorbia tirucalli, Sticks on fire, was planted at Fire Station 37.
- Staff is working with Terracare on cleaning the planter beds, removing dead plant material, adding mulch where needed, removing and transplanting plant material where it is appropriate, and redefining the landscape plan for the mini parks.
- Overlook Park Restrooms- The west side restroom has been repaired, due to not flushing.

### **Landscape Contract**

- Terracare Associates continues to provide services within budget.

Respectfully submitted,

Michael Rasmusson  
Grounds Maintenance Manager
