

THE CITY OF SAN DIEGO

April 23, 2015

TR 340, 072

Lorayne Burley, Chair
Miramar Ranch North Planning Committee
11223 Walking Fern Cove
San Diego, CA 92131

Dear Ms. Burley:

This is regarding the posted speed limit on Scripps Poway Parkway between the I-15 off-ramp and Spring Canyon Road in the community of Miramar Ranch North. Local governments must follow the procedures set by the State of California when setting speed limits on public streets. The California Speed Trap Law (California Vehicle Code Section 40802) requires that the City survey the prevailing speeds on classified streets every seven years in order to keep our speed limits radar enforceable under the provisions of the law.

We have recently surveyed the above segment of Scripps Poway Parkway and the results of the study indicate that the existing posted speed limit of 50 miles per hour for the eastbound and westbound directions of traffic can be lowered to 45 miles per hour and still remain radar enforceable. Therefore, we will be changing the posted speed limit for eastbound and westbound traffic from 50 miles per hour to 45 miles per hour.

It is our practice to notify the community planning groups before changing the speed limits. If you have any questions concerning this action please contact Krista Barnes at (619) 533-3615.

Sincerely,

Biljana Dekic
Associate Traffic Engineer
