

**THE CITY OF SAN DIEGO  
PARKS AND RECREATION DEPARTMENT  
OPEN SPACE DIVISION  
MIRAMAR RANCH NORTH MAINTENANCE ASSESSMENT DISTRICT  
MARCH 2019 STAFF REPORT**

---

### **Ornamental Landscaping**

- Myoporum parvifolium cuttings have been placed down on the right-of-way of Scripps Poway Parkway, on the north side, from Scripps Summit Dr. to the I-15.
- Myoporum cuttings have been placed down within the open field area west of Spring Canyon Rd. between Scripps Ranch Blvd., and Oak Glen Park.

In all areas where Myoporum cuttings have been placed down, the water will be turned on a few days after the rain, to promote growth of the groundcover.

- 400- 1gal Olea europaea, Mt. Royal Olives have been planted on the right-of-ways, slopes and open areas of Cypress Canyon Rd., Blue Cypress Rd., and Spring Canyon Rd.
- 30- 5gal Podocarpus henkelii, Long Leafed Yellowwood, have been planted on the right-of-way of Cypress Canyon Rd., on the west side, from Scripps Poway Parkway to Marshall Middle School.
- Clumps of Red Cannas have been planted on Blue Cypress Rd., near St. Gregory Church.
- Weeds are of first priority throughout the MAD.
- Irrigation checks, and repairs continue. Irrigation systems are operating at a minimum, depending on the weather and type of plant material that is being watered.

### **Tree Maintenance**

- Trees are in process of being inspected for hangers or broken limbs that are still attached, of which will be removed for safety.

### **Mini-Parks**

- Butterfly Park- A sign was installed that states: This site maintained with your Miramar Ranch North Maintenance Assessment Fund.  
A kiosk was placed near the two benches. The kiosk will demonstrate the life cycles of the Monarch Butterfly. (The kiosk came from Canyon View Park, to be re-used.)

- Dry Creek Park- A sign was installed that states: This site maintained with your Miramar Ranch North Maintenance Assessment Fund. 7 clumps of Red Cannas were planted within the park.
- Canyon View Park- A sign was installed that states: This site maintained with your Miramar Ranch North Maintenance Assessment Fund. Acacia redolens within the middle of the park, is in process of removal due to over pruning throughout the years. A new landscape will replace the Acacias once the soil dries out.
- Staff is working with Terracare on cleaning the planter beds, removing dead plant material, adding mulch where needed, removing and transplanting plant material where it is appropriate, and redefining the landscape plan for the mini parks.

### **Landscape Contract**

- Terracare Associates continues to provide services within budget.

Respectfully submitted,

Michael Rasmusson  
Grounds Maintenance Manager  
Miramar Ranch North MAD
