

THE CITY OF SAN DIEGO

September 24, 2014

TR 336, 953

Lorayne Burley, Chair
Miramar Ranch North Planning Committee
11223 Walking Fern Cove
San Diego, CA 92131

Dear Ms. Burley:

This is regarding the posted speed limit on Spring Canyon Road between Scripps Poway Parkway and Scripps Ranch Boulevard in the community of Miramar Ranch North. Local governments must follow the procedures set by the State of California when setting speed limits on public streets. The California Speed Trap Law (California Vehicle Code Section 40802) requires that the City survey the prevailing speeds on classified streets every seven years in order to keep our speed limits radar enforceable under the provisions of the law.

We have recently surveyed the above segment of Spring Canyon Road and the results of the study indicate that the existing posted speed limit of 45 miles per hour for both the southbound and northbound directions of traffic must be raised to 50 miles per hour in order to remain radar enforceable. Therefore, we will be changing the speed limit in both directions from 45 miles per hour to 50 miles per hour.

It is our practice to notify the community planning groups before changing the speed limits. If you have any questions concerning this action please contact Krista Barnes at (619) 533-3615.

Sincerely,

Biljana Dekic
Associate Traffic Engineer
